

Puzzle Pieces' Campus

COMMUNITY IMPACT

- **Increase Economic Growth**
Families increasing household income through support to work. People moving here for the services/support.
- **Improving WorkForce Development**
Creating jobs within the center. Clients are getting jobs in community. Families are able to work with having the center.
- **Modeling for an Inclusive Community**
Raising awareness, offering the value, and training our future.
- **Hands-on Training for Future Professionals**
Exposure to Autism and other disabilities while in college will increase our impact.
